**\$1 Before Christmas—**

**\$2 Monthly Afterwards.**

A Christmas present that is a present to Ridpath's History of the World. If you buy it for your child you will end by reading it yourself. If you buy it for wife or husband you will catch the children reading it. And the club terms make the buying possible, even if your Christmas money is beginning to run low.

Only one dollar to be paid before delivery. Two-dollar monthly payments complete the purchase after the Christmas strain is over.

But don't delay if you want the set for Christmas.

### Ridpath's History of the World

embraces the whole history of men, their origin, development, customs and beliefs; what they have accomplished of good and of evil; how by their genius they have builded great nations; and how by their follies and vices they have ruined them.

From primeval man to your next-door neighbor—from the founding of the first dynasty, 4200 B. C., to the Philippine Rebellion—the evolution of mankind and the nations of the earth is traced step by step graphically, interestingly, with no important fact omitted, with no unnecessary crowding of unimportant detail.

The ninth volume, completed last July, includes the full story

of the late Spanish war, a complete account of the Dreyfus affair, and a narration of the events which have made critical the Chinese question and have led up to the war in South Africa.

It aims to give and does give a complete review of the world's history down to the early months of the present year of 1899.
